Attorney's Docket No.: 06275-468US1 / 100949-1P US

REMARKS

In response to the restriction requirement mailed December 26, 2006, applicants elect for prosecution the invention of Group I, i.e., claims 1-6. Applicants further elect as the single species the compound of Example 1 of this application, i.e., 2-[[4-[[4-(3,4-dichlorophenoxy)-1-piperidinyl]methyl]-1-piperidinyl]carbonyl]-benzoic acid.

Note that the Examiner asserts in the restriction requirement that claims 1-11 were pending. Applicants would like to bring to his attention that claims 1-8 and 11-21, not claims 1-11, were pending in this application. More specifically, in the preliminary amendment filed together with this application on September 21, 2005, Applicants have added new claims 12-21 and cancelled claims 9 and 10.

Claims 12-21 depend from claim 1, a member of Group I. Thus, these claims are drawn to the invention of Group I. Applicants therefore request that claims 1-6 and 12-21 be considered together.

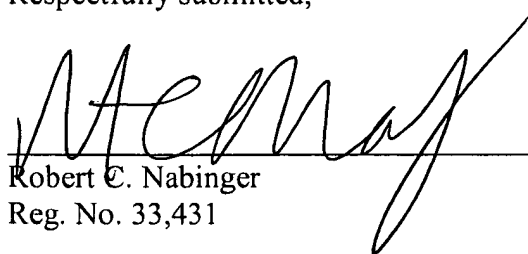

Applicants have presented in the prior pages a set of amended claims, which are in line with the election.
